Insurance Committee Public Hearing

Thursday, March 5, 2015

Connecticut Association of Health Plans

Testimony regarding

HB 6870 AAC THE CONNECTICUT UNFAIR INSURANCE PRACTICES ACT

The Connecticut Association of Health Plans appreciates the opportunity to offer testimony on HB 6870 and would like to respectfully suggest that the committee and the requesting agency give consideration to the inclusion of "credits" in addition to "refunds" for purposes of the bill's intent under Section 2. Application of a credit, as opposed to a refund, is often the most expedient and convenient means by which to address any discrepancy in payment for both parties involved. Thank you for taking our comments under advisement.
