

Hello,

My name is Ashley Burzenski and I am from Madison, Connecticut. I SUPPORT HB6187, an act concerning court proceedings and the protection of animals. We desperately need this bill passed as animal cruelty is inhumane and a serious red flag for violent behaviors against other people. Animal cruelty needs to be treated as a serious crime. Thank you for your time and consideration of my position. My contact information is listed below in case there are any questions or further information needed.

Sincerely,

Ashley Burzenski
