

To whom it may concern,

I am writing this letter in regards to proposed bill: HB 6187 AN ACT CONCERNING COURT PROCEEDINGS AND THE PROTECTION OF ANIMALS.

I firmly believe in this proposed bill. I think every living being, human and or animal should have rights. Hurting animals seems to progress to hurting people. Neither of which is acceptable. I do a lot of work in the animal rescue field and I see what people are capable of with no consequence. It is truly horrific! Maybe if these people are held accountable for what they do to others than it would become less likely. This bill will help these poor defenseless animals to have a voice in the courtroom. They will have someone looking out for them. I think this bill is very necessary to help us hold violent offenders responsible for what they do. So, please, I ask you to strongly consider passing this bill. I thank you for your time and please feel free to contact me if you have any questions.
