Subject: Desmond's Law (HB 6187)

Dear Sir/Madam,

I am writing to you to implore you to pass Desmond's Law (HB 6187) because animal abuse should not be allowed to continue. HB 6187 should be passed because right now the lax court proceedings and lax laws allow animal abusers, including those that neglect animals to walk away free and clear and continue to abuse and neglect animals. If the court does not pass HB 6187 then that sends a clear sign that animal abuse is tolerated and Alex Wullaert will walk free and Desmond's horrific death at the hands of Alex will pass in vain.

Animals clearly need an advocate to represent them in court and HB 6187 is the beginning of advocacy that has long been lacking. Thank you for your time in reading my email and if you have any questions, please feel free to contact me at Kerry Vacca, 7 Branch Street, Westerly, Rhode Island 02891. I lived in Connecticut up until a year ago and my family still lives there. Even though I live in the sister state of Rhode Island I still call Connecticut my home and follow the news there. The inhumane and barbaric act of animal cruelty needs to be stopped and advocacy in the court system should be there to protect innocent animals.

Thank you.
