Subject: Right to Die

Unable to attend the meeting, believe people should have the right to die in dignity. It is inhuman to let someone continue to live on life support systems. Please note the following from my personal experience:

30 yrs ago today my wonderful Mother passed away. She was in a coma for months-not having the right to die.. On Mar. 16, 1985 I visited her, Dr. wanted to insert a tube in her to feed her-I refused-next day she was going.

One of my brothers died of cancer on Jan. 18, 1998 weighted 300lbs, was about 60 lbs at death. Several times he said the following to me "if you loved me you would put a pillowcase over my head and end my suffering". Naturally I could not do this-we both had to endure his suffering.

Please pass the bill before you.

sincerely,
