Subject: Right to die

Good Legislators,

I wish to tell you of my strong support for a Right to Die bill. No body should be able to tell me that I must lay in bed as a vegetable, in diapers, being hand fed, drooling from the mouth and other indignities while waiting for my system to shut down.

I have made decisions all of my life, and when I recognize that a quality life is no longer mine, due to a terminal illness, I should be able, in consultation with my doctor, to takes steps to end this earthly existence and pass on on to whatever lies ahead.

Sincerely,
Hazen Goddard
