To Whom it May Concern:

My name is Sarah Grasso, I live in West Hartford. I am writing this letter today in full support of the aid in dying legislation.

Being a nurse caring for terminally ill patients who suffer needlessly before death, and also being a family member who cared for my grandparents until their deaths, the choice of whether or not to have assistance was not available to them. I feel this is a great injustice to anyone who is diagnosed with a terminal condition who does not wish to experience the deterioration of their bodies.

As Americans we pride ourselves on our right to choose what path is best for us, but we cannot choose if we are not even given the opportunity of more than one choice.

Thank you,  
Sarah Grasso
