Subject: Bill 7015

To Whom It May Concern:

Please know that I am in favor of Bill 7015 regarding end of life decisions and am hoping that it will be passed by the legislators in the state of CTI.

I am not saying that this is the choice I would personally make, but I do believe it is a personal choice and I am in favor of that for anyone who is facing death and wants to have the assistance they need legally.

I have been very moved by the state of Oregon and the unique and individual ways in which individuals can choose to live and to die. It is between them and themselves and I would much rather have this a legal decision available to citizens in Connecticut.
