

Hello

I hope you are doing well. I hope your families are doing well and that you are enjoying the blessings of freedom that our God have provided for you. I also hope you realize that not all of us enjoy the blessings of freedom like you do. Most of us suffer from humiliation, financial hardship and even physical abuse because of our immigration status. But being immigrants is not a sin nor should it be illegal because everyone should be able to enjoy their human rights, the right to be respected, appreciated, financially well and defended against bullies.

I know that our future is in your hands but please, understand that God has put you in a position of power to help the underprivileged, the hungry, the defenseless, the orphan, the widows and the immigrant...the bible says so!

I beg you to help us stop deportations, especially of parents of families who are the only ones who work to sustain their children and spouses. One more deportation of a family pillar is too many. Please support HB 7039. Thank you and may God ALWAYS bless the United States of America.
