Dear Attorney Jay,

Your recent correspondence to Governor Dannel Malloy's office has been forwarded to Commissioner Leo Arnone. Commissioner Arnone has asked that I review and respond to your concerns.

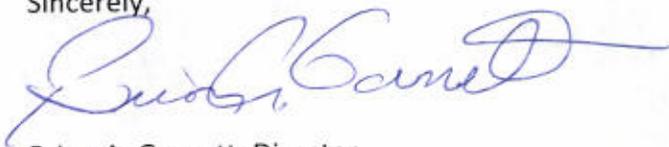

Your letter expresses concerns about medical issues related to inmate Michael Jay. My office has been in contact with Warden Carol Chapdelaine of Osborn Correctional Institution regarding this matter.

According to the staff at Osborn, there were two requests from him, to be seen by medical on 6/23/2011 and on 7/29/2011. The inmate was seen for both occasions. In addition, he was evaluated by medical on 10/31/2011, and declined any diagnostic studies.

In addition, the inmate is on the waiting list for the Cohegan House in Norwich. You were contacted on 10/27/2011 to solidify the release information for your son's proposed residence.

I hope this addresses your concerns.

Sincerely,

Brian A. Garnett, Director  
External Affairs
