Subject: Please support Senate bill1067

To the Judiciary Committee:

I am a birthmother who gave up my son to adoption in 1969. I was 15 years old at the time and do not even remember signing relinquishment papers.

I have since found and reunited with my son. I would like to have my original paperwork and feel it is my right to obtain this.

I urge you to support this bill to give birthparents this right to obtain their vital information.
