Subject: HB 1094

To the Judiciary Committee,

My name is Robert Napoleon. I have served as a Municipal Animal Control Officer since 1985 for the Town of Wilton. I am a certified Animal Control Officer and have attended the Connecticut Police academy block training when it was available in Connecticut. I strongly support the addition of State and Municipal Animal Control Officers to this bill. They are the men and women advocates in law enforcement for the animals of Connecticut. They are out in the field enforcing these laws. They should have the same protection as other law enforcement professionals. I request that this bills be forwarded to the next step in making it law in Connecticut.

Thank you for your time.

Sincerely
Robert Napoleon
Wilton Municipal Animal Control Officer
