It's hard to believe that the current law allows persistent dangerous felons, sex offenders, persons convicted of aggravated sexual assault of a minor, and assault of a pregnant woman resulting in loss of fetus to earn "risk reduction credits"! Did you do away with the parole board? Connecticut needs to build more prisons and work to protect it's citizens. Connecticut, now, is a very undesirable State in which to live. Highway tolls and more gambling casinos only add to the undesirability.
