Subject: Senate Bill 1129 Regarding CT's Early Prison Release System - Please keep our communities safer

Please pass this bill to keep individuals in prison for public safety. I know first hand that many sociopathic prisoners can be extremely manipulative and appear very compliant in the prison structure yet explode once out in the community as they devolve. While some seem to applaud the lessening prison population, I see how often they end up hurting others. Please pass this Bill that:

- The bill adds manslaughter, persistent dangerous felons and sex offenders, aggravated sexual assault of a minor, and assault of pregnant woman resulting in loss of fetus as crimes for which a person **cannot** earn risk reduction credits.
- The bill would also require a prison warden to review and sign off on risk reduction credits earned by an inmate.

Thank you,
Sandra L. Jones, LCSW, Ph.d
