Good Morning, I know we're late, but I want to send this message **in support of Senate Bill 1129**. These violent monsters should **never be allowed to re-enter society**. They want to destroy lives, then their lives should also be done!!! Our government is way too lenient with these criminals. Other nations deal with them right away. Instead of other nations "adopting America's way of doing things", we should "adopt some of their ways of dealing with crime. I and Tiana Notice's father, **wholeheartedly support this Bill**. Thank you.
