Subject: Senate Bill 1129. Reforming Early Release System

Members: Please support Senate Bill 1129, a bill to reform early release. Let's keep dangerous criminals out of our communities. We don't want another Petit Family Home Invasion. Let's end the judicial revolving door for criminals.

I would hope your committee would also support a "three strikes and your out" for career criminals. Let's keep the criminals out of our communities so we can live in peace and safety. Thank you.
