WRITTEN TESTIMONY

I am a chief clerk at the Ellington Probate Court. I am opposed to Bill HB 5860 making probate court employees of the State of Connecticut which could result in us being unionized.

I was an employee of the State of Connecticut in a different job back in the 70's and as far as I am concerned there are no benefits to the clerks of the passage of this Bill. More money would be taken out of our pay and to have more money taken out would make my situation harder as I am a widow and I need the money to survive in this day and age.

Please, do not pass this bill. It is a big mistake.

Thanking you in advance.

Sincerely,

Geraldine C. Miller
