

Our economy isn't working for too many people, and it is even more difficult for women.

I support HB 6932 and HB 6784 because they allow workers to balance caring for their families and their jobs. I take care of my older brother, you can say I am caregiver. When I take my brother to the doctors, I have to loose a days pay. There should a law that makes taking care of love ones a priority, while still being able to keep a job and getting paid to do so.
