

Our economy isn't working for too many people, and it is even more difficult for women.

I support HB 6932 and HB 6784 because they allow workers to balance caring for their families and their jobs.

We need a paid family and medical leave system and need to expand sick days so workers can be with their families. The U.S. is the ONLY advanced country without paid maternity leave!!!! Some countries also grant paid paternity leave.

We also need to give Ct. workers paid sick days if they don't already have them. They shouldn't have to come to work sick, for their sakes and the sakes of their co-workers and customers.
