

Our economy isn't working for too many people, and it is even more difficult for women.

I support HB 6932 and HB 6784 because they allow workers to balance caring for their families and their jobs.

Since everyone knows, but often ignores unless it is a specific issue re kids, that **HOW KIDS TURN OUT EVERYWHERE DETERMINES EVERYTHING**, we need to "connect the dots" of every issue to how it ultimately effects kids. ONE known sample- all kids need a fair amount of nurturing from those who love them hence parents need living wages (including affordable health care), including decent paying part time job opportunities with flexible scheduling. Parents having too little time make stable marriages less likely- bad for kids, hence society.
