**HB 6934 AN ACT CONCERNING WAGES PAID TO INDIVIDUALS PROVIDING FOOD, BUILDING,
PROPERTY OR EQUIPMENT SERVICES TO MUNICIPALITIES**

The Connecticut Association of Boards of Education opposes HB 6934, An Act Concerning Wages Paid to Individuals Providing Food, Building, Property or Equipment Services to Municipalities. At a time when school boards are under increasing pressure to deliver services in a more cost effective manner, this bill would interfere with their ability to negotiate contracts with outside vendors. Not knowing if and when a standard rate would be adjusted would be an issue, as would how it would be imposed.

Thank you for your attention to this issue.
