HB 5521

Dear Senator Gerratana, Representative Ritter and Members of the Public Health Committee:

As doctoral candidate in Clinical Psychology at the University of Connecticut hoping to receive licensure in Connecticut within the next few years, I am writing in strong opposition to HB 5521, for the following 3 reasons:

1. The term "psychologist" reflects doctoral level providers (both in Connecticut and on a national level);
 2. Allowing licensure of master's level psychologists would create public confusion regarding provider education and training; and,
 3. Master's level clinicians are currently able to become licensed in Connecticut as "Licensed Professional Counselors" (LPC's).
- 4) School psychologists are master's level, but they only operate in the school systems and are under the authority of the Department of Education.

For each of these reasons, I am urging you to oppose HB 5521.

Thank you for your time and consideration.

Laura A. Brennan, M.A.
