Dear Senator Gerratana,

As a licensed clinical psychologist #002295 in the state of Connecticut, I am writing in strong opposition to HB 5521 for the following reasons:

- 1, The term "Psychologist" reflects a doctoral level of training in CT and on a national level.
- 2, Allowing licensure of master's level psychologists would create public confusion. As it stands some members of the public still do not know the difference between psychiatrists and psychologists. What the public does know is that we all have a doctor's level of training.

For these reasons, I am urging you to oppose HB5521.

Thank You.
