

## **HB 5915**

Dear Sir/Madame,

I understand a bill is being presented on behalf of trained homeopaths so they may practice in the state of Connecticut. As a resident of CT, I implore you to pass this bill. I know a highly qualified woman who has spend precious time to become an expert in this area of health care. I would like to utilize her services and I am certain many others would like to as well.

Sincerely,

Diane McNeiece  
Bridgeport, CT
