

Dear Senator Gerratana and Representative Ritter and members of the Public Health Committee."

- My name is Lori Della Pietra and I live in North Haven, CT

- I am here to testify on House Bill 5915: An Act Concerning the Practice of Classical Homeopathy.

I support the bill because I have seen how homeopathy offers an alternative to enhancing the lives of both old and young when dealing with a number of different issues. From fighting cancer to dealing with autism and ADD, homeopathy offers the public choices to managing their diseases.

- Thank you for taking the time to read these testimonies and moving this bill forward.

Sincerely,

Lori DellaPietra
