Submitted March 23, 2015

Senator Terry Gerratana, Representative Matt Ritter and members of Public Health Committee,

My name is Kadiatu M. Lublin, I am a constituent and I am writing testimony AGAINST HB 6949.

This proposed bill plainly and simply violates the First Amendment to the United States Constitution. In the state of CT we do not have to defend our religious beliefs. The practice of religion predates the implementation of vaccination by millenniums and the government does not have a right to interpret any religion's stance on vaccination. I am against limiting the choices and freedoms of the American people and I urge you to do the right thing and vote NO on this proposed bill.

Sincerely,

Kadiatu M. Lublin
