

Dear Chair of the Public Health Committee,

My name is Courtney Biddle, and I am a concerned citizen from Stonington. I am writing you to ask for your support of Proposed SB No. 250, a bill that will create an art therapy license in Connecticut. This bill is important because it will increase access to art therapy services to individuals in need throughout Connecticut and it will protect them by ensuring that these services are provided by trained and qualified art therapists. The passage of this bill can help Connecticut become a nationwide leader in the recognition of a profession that has the ability to help people with varying mental health needs.

For these reasons, I ask that you please vote "yes" on Proposed SB No. 250!

Sincerely,  
Courtney R. Biddle
