

1089

Dear Members of the Health Committee,

Hi, my name is Rose Morrow, and I reside in North Branford. I am writing to let you know that I am in support of SB 1089 sections 23-29 "An Act Concerning Mental Health Services." This would enable Behavior Analysts to be licensed in our state. I am an assistant principal who works in a school with 5 behavior analysts. With their help and expertise, our students behavior is more compliant and allows them to participate more actively in the curriculum and academic environment. Licensing them would insure that our BA's are competent and qualified to work with our students.

I respectfully request that you vote to pass SB 1089 sections 23-29 as written.

Thank you for your consideration.
