**Subject:** Senate Bill 1090

Regarding the 1090 bill for casino's along I95, I91 and particularly I84. I am strongly opposed to this bill and having casinos. We've seen what going on with NJ own casinos, I do not want to see the mess that has become in the state of Connecticut. You add the tolls and the casinos and you will have a complete mess on the highways.

Resident's of the state are already dealing with extreme traffic and this will make it even worse. As far as the towns, it will put more stress dealing with issues around the living areas of the casinos. How about ditch the tolls and the casino idea and work on bring companies that offer higher wages such as technology companies.

If this bill does pass, I see no future for me and my family in living in the state of Connecticut.
