Cc: Sen. McLachlan, Michael
Subject: Senate Bill 1090

Regarding the subject proposal, this is the wrong way to go!

An expansion of the collaboration with the casino industry and the Unions will continue the downward spiral of Connecticut into a debt-ridden, unattractive place to do business and signal a continuing inability and unwillingness to address serious issues for opportunity and economic growth..

In addition, it will continue to promote the approach of the State of Connecticut as predator on its own people

Yours Sincerely,

Robert A. Bose
Danbury, Connecticut
