

Dear CT Transportation Committee,

I am a resident of Danbury who lives a short distance from the New York State border and I regularly travel on Rt. 84 to Rt. 684. I feel the "Border Toll" is an unfair concept. If you want to raise money with highway tolls, consider placing them in the Hartford area where you regularly commute. Not such a good idea anymore, is it?

In addition, the traffic on Rt. 84 going through Danbury is already a nightmare with a rush "hour" that lasts from 3:30pm to 7:30pm. If you put these border tolls in place, life will be unbearable for Danbury residents and I will definitely be moving out of state.

Sincerely,

*Len Sierra*
