

Michael Casinghino Enfield,Ct. In the 50 plus years of its existence,I91 has never had tolls,including Ma. & Vt.Now all of a sudden tolls?So then what will keep Ma. & Vt. from putting in tolls?Beautiful,we can have a toll in every direction.I have been around since before I91 was built,so its not like i just started using the highway.And i have just about had it with taxes,please vote no,and give us a break.Ciao, M.C.
