

No Border Tolls!!!!

I am opposed to putting tolls on the border. We pay enough taxes now and don't need to be taxed more just because we live near the border. I occasionally cross the border to go to Auburn or Worcester and don't feel I should pay taxes to do that. If you put a toll there, I would get off the highway at the exit before the toll and get back on after crossing into Massachusetts. This would be inconvenient for me and just put more traffic on the local roads. I shouldn't have to do this to save money.

Do not put tolls on the border just so you can spend more money! I have to think hard about how I spend my money and people in office should do the same instead of thinking of ways to increase our tax burden.

Sincerely,

Patricia Underwood
