

Ronald MAREK, of 25 Taylor avenue, Bethel, Ct. oppose any tolls for the state of Connecticut, Malloy has raised all of our taxes to record levels, all he the governor knows only how to tax and spend also the gasoline taxes went up recently and they are the highest in the country, and all those taxes are suppose to be for road repairs and yet the democrats are looking for more money else were to get it I believe that the democratic legislature if any should have there pays reduced seeing as how they do not have the taxpayers in mind when they pass anything they believe we the public are a cash cow for there narrow minded, we the public should fight the tolls 🗣️🗣️
