

Committee members,

Please consider the negative impacts that tolls will cause if implemented again. The negatives far outweigh the positives of which I can't find one. It will clog local roads, cause more accidents (fatal accidents were the main cause tolls were removed years ago) and again drive business away from this state that has such a stagnating economy.

PLEASE NO NOT GIVE TOLLS ANY MORE CONSIDERATION AND FIX SOME OF THE ISSUES THAT ARE ALREADY KILLING CT TRANSPORTATION.

Thank you.
