

Dear Reader,

As a resident of Danbury, CT close to Interstate 84, I can't imagine adding tolls to this already congested road network.

I don't know how you can consider tolls, both 84 & Mill Plain Rd are congested already with heavy traffic. Adding tolls will only increase the burden on local roads which are already burdened with very heavy traffic anytime there is a back up on Interstate 84.

Investment in the infrastructure is long overdue but tolls are not the solution, it will only aggravate the issue.

Best regards  
Steve O'Hara
