

To all elected officials,

No need for tolls please. People that frequent neighboring N.Y.towns such as Brewster and work back and forth frequently would be greatly inconvenienced and unfairly taxed. People would use alternate roads such as route 6 to avoid the tolls as well, creating more congestion along mill plain rd. And worst of all, UNSIGHTLY! They are an idea whose time has come before and and gone. Hopefully, for good.

No need for additional taxes, just lower spending. Simple economics.

Sincerely, Thomas A Hanna
Danbury, CT
