

Hello,

This state and Governor have to be kidding me!!!

Did you forget the family that was killed years ago at CT tolls?

The Governor said no tax increases! This is a tax increase!!

You need to stop the spending and waste in State Government instead of putting in tolls that will kill people and increase traffic delays that are already awful!

Everyone that votes to bring tolls back to CT should be ashamed of themselves and should NOT be re-elected!

VOTE NO TO TOLLS!!!

STOP spending and wasting our money!!

Thank you!

Tony
