**Testimony in Support of
S.B. No. 318, 'An Act Concerning Private School Transportation'**

Before the Education Committee

March 2, 2016

As a *parent of Patryk Rokicki student* at St.Cecilia school, I support S.B. No. 318.

Religious and Catholic education for my son is very important for me and my family, and this is what St.Cecilia school is giving to us.

Because of so low number of Catholic School in area access to those school is even more important than used to be before and we as a parents can't imagine our son education with out this school.

School bus transportation is also big help for us as a parents because this only one solution which let us be on time at work and make sure that our child is on time and save transported to school.

For these reasons, I urge the committee to support S.B. No. 318.

Sincerely,
