HB-5314

My name is John Chunis. I live at 40 Deerfield Run Rocky Hill, CT. I am testifying against the following bill:

HB-5314 An Act Concerning The Incorporation by Reference of California's Low-Emission Vehicle Program

As stated in the "Statement of Purpose", changes to California's regulations would be incorporated by reference without the need to submit such altered regulations to the Regulations Review Committee.

This would be a very bad practice. Since when does action in another state automatically become law in this state? While this may make the process easier, it is not in the best interest of Connecticut residents, and may even be in violation of our state Constitution.

Please do not pass this bill.
