This tax is an extra burden on senior citizens. The state allowed the use of brine that causes rust on the undercarriages of vehicles. We are trying to maintain an 11 year old vehicle, that because of the brine, we must take to a car wash every time it snows. We don't have the money to purchase another vehicle at this time due to bills accumulated from having non-Hodgkin's lymphoma, stage III in 2002. Since then my husband has had 3 strokes.
