I am in favor of the passage of this bill which would rewrite 8-30g.

I have been paying my taxes as a resident of Brookfield for 42 years and am opposed to the proposed six story apartment in the town. For as long as I can remember the town has discussed, and is now planning, to revitalize Brookfield with the creation of a downtown area. Plans are in place to complete the "new" Brookfield.

The plan to develop a six story apartment complex totally ruins the aesthetics of how Brookfield citizens want the downtown to look. The residents of Brookfield should have a say in how our town will look. Everyone I speak to says they are against the building of this apartment.

And for safety reasons, the volunteer fire department is completely against the construction of such a structure. It is unsafe if a fire should happen at this proposed building.
