Subject: Discrimination against certain dog breeds

My name is Sandra Russo-Driska. I live in Middletown Connecticut. We have been the proud owners of two rescue dogs. Both half pit bulls. Our current dog is half pitbull half German Shepherd! She is the sweetest dog in the world.

It is people that either have never owned these dog breeds and or choose to not recognize that the owners and environment that turns them vicious.

Will there be exceptions to this rule. Of course there will be. But they are very few and very far in between!

Stop discriminating against certain breeds of dogs, please!
