Subject: HB 5054

To whom it may concern:

I am writing to ask that you oppose HB 5054.

From my understanding of this bill someone who has a temporary restraining order placed on them by anyone can be forced to surrender their firearms to a local police department without an opportunity to speak before a judge.

When Connecticut passed that massive Bill two years ago we were told that things like this weren't going to happen.

I strongly oppose this Bill.
