**Subject:** HB 5344 Desmond's Law

As an animal lover and pet owner it is extremely important to me that HB 5344 Desmond's Law be acted on this session.

In a civilized society we must all be a voice for the voiceless, the innocent, the abused and the neglected. Every living being deserves to be treated with kindness and respect and to do any less is just wrong.

Connecticut has the chance to be a leader in the area of animal welfare and we must take this opportunity to do just that.

Thank you for your consideration.
