To whom it may concern,

My name is Stephanie Grabowski. I am writing this email to show my support for the proposed bill #346. I fully support this bill not only my friend Johnnathen L Stewart, but for all of the families who have suffered and my suffer from such a tragedy.

I was friends with Johnnathen and remember the day he was hit like it was yesterday. Seeing his family stand around his hospital bed while he lay there, hurt and on the verge of death, is a memory I will never forget. I just remember looking at him and not understanding how someone could have drove away and left him like that. He was unrecognizable.

One memory I have of John was my graduation from high school. He promised me he would show up and see me walk and get my diploma. After the ceremony, I joined my friends and saw John there. He came up to me and said " I told you I would be here." That was the type of person John was. He was always there for his friends and family and now he needs us to be there for him.

Thank you for taking the time to read my email. I hope this bill comes into effect so another family never has to suffer. I hope that John's family gets the peace and the answers that they have waited so long to have.

Sincerely,  
Stephanie Grabowski
