

Dear Senator Kane,

I am a longstanding member of Woodbury Antiques Dealer Association. I commend you for your proposed legislation to allow added signage to the antiques trail in Woodbury. I am in full support of this new bill as we need help in designating our members to the public. As you must be fully aware the economy in Connecticut is very slow and the antiques business has been profoundly effected. The town of Woodbury has very strict signage laws and your bill can possibly help some local businesses stay afloat. Thank you for your initiative.

Sincerely,

Douglas Samaha
