

I strongly urge you to SUPPORT SUBSTITUTE SB422 for the following reasons:

- 1) to protect residents not water bottlers during drought;
- 2) to rescind water rate discounts for water bottlers;
- 3) to rescind the Special Sewer Service Charge discount for water bottlers;
- 4) to re-establish a citizen Metropolitan District Commission watchdog committee;
- 5) to impose a moratorium on any new large-capacity agreements.
