

Dear Legislators,

Please note that I support SB 425: An Act Concerning Municipal Transparency, Efficiency, and Accountability.

Given the fast pace of our lives these days, most people do not have the time to gather info, distribute petitions and attend municipal meetings at night. SeeClickFix allows people to bring issues to the forefront so that local leaders are made aware of problems. Like the saying, "a picture is worth a thousand words", SeeClickFix allows communication to flow both ways. It also encourages transparency in government, so no one can claim that they were unaware of an existing problem.

Please adopt SB 425 and help keep our municipalities honest.
