

To whom it may concern,

I am excited to hear that CT will be voting to support SB 425: An Act Concerning Municipal Transparency, Efficiency, and Accountability.

This act will benefit many citizens across the state, as well as make the jobs of our state-employed workers and representatives easier.

I have personally benefited from the increased communication afforded by SeeClickFix; my neighborhood has seen physical safety increased due to the changes brought about by collaboration between myself, my family, my neighbors, and my government.

Thank you for considering this act, and please vote to support this legislation.

Sincerely,

Libby Abraham
